

WHY DETOX?

- Improved Energy
- Weight Loss
- Mental Clarity
- Better Digestion
- Healthy Skin

We are exposed to more pollution than ever before. Your body was not designed to deal with the considerable onslaught of these toxins. By lowering the amount of exposure to these environmental and food toxins and taking steps to clear toxins that have accumulated in your body, you can feel better and reduce your risk of illness.

Detox with Village Green

Let us guide you through a 7-day diet, lifestyle and nutrient program to reduce toxic burden.
